Progress

During the 2017-2018 school year, Lapham made significant progress in supporting students with opinion writing as well as learning about the power of developing learning partnerships with students. Additional focus was on increasing overall sense of belonging and students feeling connected to school.

Area for Growth

The 2018-2019 school year will have a continued focus on developing learning partnerships designed to move students from being dependent learners to independent thinkers. Continued focus will be on increasing student sense of belonging and schoolwide community building

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection.
